Parents/Guardians are advised to create time for their children/wards and ensure their notebooks are thoroughly checked each day when they return from school. The students also need to be guided in doing their assignments, and turning in same on time. This task should not be left to the School alone. Therefore, the home needs to be alive to this duty/responsibility, to complement the effort of the school in the developmental progress of the students. The promotion criteria remain sacrosanct. Students who fail to meet these requirements will face the consequences.

Discipline Among the Students

Parents/ Guardians are implored to join the school in emphasising the need for discipline to their children and wards. To maintain order and a conducive learning environment, lateness to school or classes, truancy or any other behaviour that disrupt the learning process remain unacceptable. The school has put in place strict disciplinary measures to combat and forestall any form of indiscipline.
